## TERMS & CONDITIONS

- As a registered plumber, it is your duty to ensure that you keep track of your CPD credits and submissions.
- Keep records and all evidence of your activities in case they are needed by the PIRB for your 12-month cycle. All evidence must be kept for a minimum of 2 years.
- Your cycle is the 12 months upon registration or renewal date. Your credits need to be built up during your annual cycle in order for you to maintain your Licensed Plumber status.
- Failure to accumulate CPD Credits per cycle will result in a demotion on your profile and you may therefore not be allowed to issue COC'S.
- When the plumbing app is downloaded, the credits will only be allocated once off (regardless of which annual cycle this is done).
- Purchasing training manual credits will only be allocated once off (regardless of which annual cycle the purchase is made).
- A logbook must be kept when mentoring a Learner Plumber in order for the CPD credits to be allocated. These credits are only allocated once off per cycle.
- Plumbers are urged to accumulate CPD credits on a monthly basis to avoid the rush of trying to accumulate credits before renewal dates.

The PIRB reserves the right to update and/or amend the CPD Activities, Credit allocation or Terms and Conditions from time to time and without any notice, and you are accordingly encouraged to check the website regularly.

Any such change will only apply to your use of this website after the change is displayed on this website.

If you use this website after such updated or amended Terms and Conditions have been displayed on this website, you will be deemed to have accepted such updates or amendments.
